

Why We SCRAP

Dear SCRAP Community,

At SCRAP, we believe creativity and sustainability belong together. Every month, we rescue thousands of pounds of usable materials from the landfill and put them back into the hands of makers, teachers, kids, and dreamers. Together, we're proving that reuse isn't just good for the planet—it's fuel for imagination!

This year's theme—**Why We SCRAP**—celebrates the sparks of joy, ingenuity, and community that come from creative reuse. Like a scrapbook, every contribution tells a story—and you're a big part of ours.

Because of supporters like you, we've had an incredible year of growth and impact:

- Launched our first-ever Creative Reuse Carnival, connecting with the community through games, crafts, and hands-on fun.
- Participation soared, workshops expanded, and we're just getting started with more creative, sustainable, skill-building programs!
- Volunteer hours grew by 25%, including the addition of dedicated Edu Volunteers who support workshops and program coordination.

Every location has a story, every artist and student a spark—and every donation helps light the way. When you give to **Why We SCRAP**, you're fueling creativity, keeping materials out of the landfill, and building communities rooted in joy and purpose.

Let's keep creating, sharing, and reimagining what's possible—together.

With gratitude and excitement,

The SCRAP A2 Team: Claire, Juniper, Haley, Kira, Fen, and Bridget!

Donation Amount \$ _____

Name _____

Address _____ City _____ State _____ Zip _____

Phone _____ Email _____
Number _____ Address _____

This Contribution is Made in Memory of: _____

- ☐ I wish to remain anonymous.
- ☐ Contact me about sponsorship opportunities.
- ☐ I would like to set up a monthly contribution.
